

Cape Cod Collaborative

2007-2008

**MEMBER DISTRICT
TELEPHONE DIRECTORY**

CAPE COD COLLABORATIVE

Cape Cod Collaborative was organized, as an extension of its 19 member districts, in 1975 when its member school committees agreed to associate pursuant with the authority contained in Chapter 40, Section 4E of the General Laws of Massachusetts. The purpose of this association, as amended on April 20, 1993, is to:

- ◆ Conduct joint educational programs and services that permit the associated school committees to supplement and strengthen school programs for regular education students and special education students.
- ◆ Provide therapy services and/or transportation services (special education and regular education) to programs operated by the Collaborative, member districts or out-of district placements.
- ◆ Provide vocational, prevocational, behavioral intervention, developmental skill training, enrichment programs, or educational programs to regular education students and special education students.
- ◆ Develop other service delivery models as identified by member districts. For example, Medicaid reimbursement, Cooperative Purchasing and professional development.

This agreement to associate is based upon the premise that some programs and services for regular education students and/or for special needs students can be accomplished more effectively and efficiently by the 19 member school districts cooperating together through the Cape Cod Collaborative.

TELEPHONE CALLS TO PROGRAMS

Telephone calls to the teachers/staff are welcome. Unless it is an emergency, please call ½ hour after the program has ended for the day. If you call during the normal operating hours of the program and it is not an emergency, the teacher, or other staff you may wish to speak to, may not be able to come to the telephone at that time but will return your call as soon as the daily routine of the program permits she/he to do so.

TRANSPORTATION

Please contact **Patricia Avilla**, Transportation Manager, at **564-5206** with any questions concerning **Collaborative transportation**.
